

Diversipak provides the retail road map for promotional merchandising and retail innovation. We maximize effectiveness by understanding the consumer and the retailer while fulfilling the brand requirement. Through our vast network of alliances throughout the country, Diversipak is able to provide its clients the flexibility they require and the speed-to-market they demand. When you choose Diversipak, you choose success for your next retail project!

Design

Following our retail road map process, Diversipak utilizes the latest technologies to provide results oriented solutions for every project.

Production

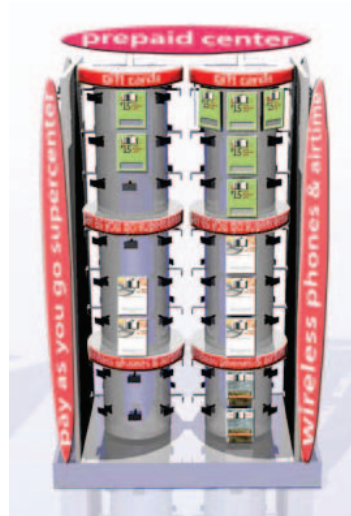

Diversipak manages over 1 million square feet of production space, providing the flexibility to meet all of our clients requirements.

Materials

We take pride in our ability to provide the right solutions that fit your products needs by offering a wide selection of virtually any material.

Fulfillment Roll-out

Our first class service continues even after production, providing logistics management and shipping capabilities direct to our clients location.
